

CARRY PACK
INDUSTRIES

Stronger Threads.

Stronger Connections.

MANUFACTURER OF
POLYPROPYLENE BASED
INDUSTRIAL PRODUCTS

HIGH-STRENGTH POLYPROPYLENE
MULTIFILAMENT YARN, NARROW WOVEN
FABRICS DURABLE INDUSTRIAL &
BAG CLOSING THREADS.

About us

CARRY PACK INDUSTRIES is a trusted manufacturer of premium-quality industrial threads, specializing in High-Strength Polypropylene Multi filament Yarn, Narrow Woven Fabrics, and Durable Bag Closing Threads.

We are committed to delivering exceptional durability, consistent quality, and dependable performance for modern industrial applications. Our products are engineered with superior strength and long-lasting reliability to meet the diverse demands of packaging, stitching, weaving, and industrial usage across multiple sectors.

WHY CHOOSE US !

-  High tensile strength
-  Advanced manufacturing process
-  Consistent quality
-  Reliable performance in industrial use
-  Competitive pricing
-  Custom solutions available
-  Timely delivery

POLYPROPYLENE MULTIFILAMENT YARN

High-Tenacity Yarn for
Industrial Applications

Manufactured using premium virgin polypropylene, our yarns deliver consistent strength, controlled elongation, and smooth processing performance. Strict quality standards ensure reliable operation across demanding industrial applications.

KEY FEATURES

- High tensile strength with excellent strength-to-weight ratio
- UV-stabilized and chemically resistant
- Low moisture absorption
- Smooth and stable construction

KEY SPECIFICATIONS

Denier Range		400 – 4000 DN
Type		Flat / Twisted / Intermingled
Tenacity		Approx. 6.5 – 7.0 GPD
Twist		S / Z
Colors		Natural, Black, Custom
Options		UV Treatment, Colour Matching, Customized Packaging

INDUSTRIAL THREADS
RELIABLE STITCHING
EFFICIENCY FOR CONTINUOUS
OPERATIONS

Our industrial threads are engineered for high strength, smooth performance, and precise twist consistency, ensuring reliable stitching with minimal operational downtime

KEY FEATURES

- High Tensile Strength
- Smooth & Consistent Stitching
- Precise Twist Control
- Low Breakage Performance
- Reliable High-Speed Operation

PRODUCT RANGE

Polypropylene Threads: 840/2, 840/3, 950/2, 1000/2, 2000/2, 4000/2

Polyester Threads: 500/2, 500/3, 750/2, 1000/2, 2000/2.

Industrial Strength. Superior Performance.
